

Acid Eater™

NEUTRALIZER & DEGREASER

- Dissolves and removes corrosion, dirt and grime from all types of batteries.
- Neutralizes power-robbing battery-acid corrosion and eliminates acid shorts and "trickle discharges."
- Changes color on contact with acid to detect corrosion of over-charged and/or leaking batteries.
- Effectively cleans battery posts, terminals, cables, casings, boxes, trays, fasteners and hold downs.
- Easy to apply and safe to use on metal, plastic and rubber.
- Biodegradable, non-corrosive and environmentally-safe.

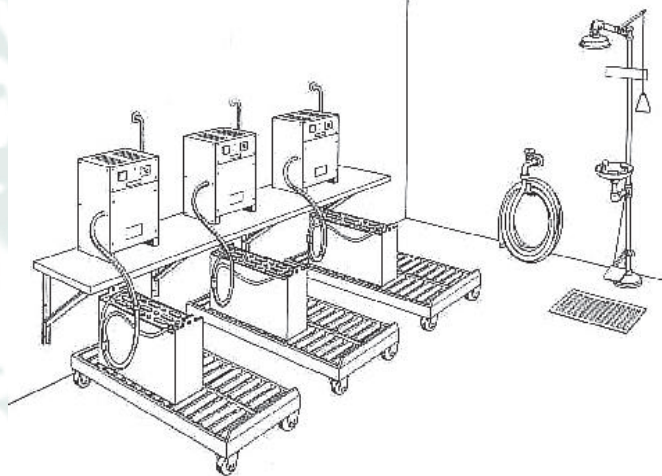

PRODUCT PROCEDURES

Liberal spray Acid Eater™ Neutralizer & Degreaser directly on the battery, including the cell connectors, cables and casing. It will change colors when in the presence of acid alerting the user to acidic corrosion. The battery may be rinsed with water and wiped clean with a cloth or allowed to air dry.
