

Synflex Eclipse Short Roll Reference Guide

The popular high-performing, low-cost DOT airbrake tube from Eaton is now available in short rolls. The short rolls will enable retailers to provide economical quantities to retail markets. The Eclipse product works with major push-to-connect products like Eaton's Q-Cab fittings.

The old NT1000 products are being upgraded to a more abrasion resistant design that works in a broader range of temperatures.

New Eclipse Part Number	Old NT Part Number	Nominal OD	Color	Continuous Foot Per Reel
