Specification Sheet

PRODUCT DESCRIPTION:

Nitrile gloves are three times more puncture resistant than rubber and can be used to offer superior resistance to many types of chemicals. This glove is an excellent alternative for individuals who experience allergic reactions to latex. The 5319 series is a flock lined industry grade nitrile glove that is 15 mil in thickness and 13 inches long. Component materials comply with all federal regulations for food contact. The 5319 also has a raised diamond pattern in the palm for additional grip. Looking for the best flock lined nitrile gloves? Look no further than MCR Safety!

FEATURES:

- 15 mil flock lined green nitrile gloves
- 13 inch length
- Component materials comply with all federal regulations for food contact
- Industry grade
- Raised diamond grip
- Straight cuff
