# 6041 NitrShield Disposable Specification Sheet

**PRODUCT DESCRIPTION:**

Nitrile gloves contain no latex proteins and offer excellent resistance to punctures and tears. They are three times more puncture resistant than rubber and can be used to offer superior resistance to many types of chemicals. This glove is an excellent alternative for individuals who experience allergic reactions to latex. The 6041 is an industrial / food service grade powder free green nitrile glove that measures 4 mil in thickness and is 9.5 inches in length. It is biodegradable and comes in fully recyclable packaging. Our glove's biodegradability is in accordance with ASTM D5526 standard in an accredited laboratory in the USA. This test provides realistic results of biodegradability rates of the material in the typical conditions found in municipal landfills. ASTM D5511 is a short term test vs D5526 which is long term. The 6041 degraded 64% in 395 days in a simulated landfill environment. Component materials comply with all federal regulations for food contact.

**FEATURES:**

- 4 mil, Green Powder Free Biodegradable Nitrile
- Component materials comply with all federal regulations for food contact
- Rolled Cuff
- Textured Grip
- 9.5 Inch Length
- 100 per box/10 per case

**APPLICATIONS:**

Automotive , Food service, Mechanics, Painting
