

NORTON

SAINT-GOBAIN®

DON'T LET YOUR PRECISION JOBS SPIRAL OUT OF CONTROL

No matter what the job or material, our 3-tier Norton Spiral Band stock line will meet your precision grinding goals:

- Our flexible, but strong X-wt. heavy cotton backing wears evenly to provide you with many benefits: flexibility for the application, while eliminating aggressiveness of the sanding action (avoiding shadow marks), operators like the feel of smooth, chatter-free cutting action, and longer life for less change-overs
- Additional product life is provided by our advanced, full resin bond system designed to promote exceptional grain retention
- Achieve close tolerances when finishing curved, contoured, and hard-to-reach areas

KEY INDUSTRIES

AEROSPACE | MEDICAL | METAL FABRICATION | WELDING | MRO

KEY MATERIALS

HARD-TO-GROUND MATERIALS | SUPER ALLOYS | STAINLESS AND CARBON STEELS | COBALT | ALUMINUM

NORTON

SAINT-GOBAIN®

Blaze Your Way to Greatest Productivity and Lowest Total Cost – with Norton Blaze R920

- **BEST** choice for hard-to-grind materials, including super alloys (cobalt, Inconel, and titanium) and stainless steel
- See significantly faster, coolest, burn-free grinding on the toughest jobs from our next-generation of sharp, ceramic abrasive grains and advanced grinding aid lubricant

Power Up Affordable Versatility – with Norton Neon R326

- **BETTER** choice for stainless and carbon steel, and aluminum
- Cut cooler and smoother, with up to 3X the life and cut rate of competitive aluminum oxide bands, with our versatile, premium aluminum oxide blend and advanced grinding aid lubricant

Quality Without Compromise – with Norton Metal R265

- **GOOD** choice when initial price is a key purchasing criteria
- Our solid-performance aluminum oxide grain makes these spiral bands a good starting specification with consistent performance

Norton Spiral Bands Deliver Performance, Versatility, and Quality Without Compromise
