

**BONDED SEALING WASHERS**  
with 18-8 stainless steel backing  
**WATER-RESISTANT & CORROSION-RESISTANT**

Rubber bonded to stainless steel creates a corrosion resistant washer that cushions bolt and screw heads and seals joints to prevent leaks. The rubber washer provides superior cushioning, sealing and vibration damping, and the 18-8 stainless steel backing offers excellent corrosion-resistance.

VERTEX ITEM #	Screw Size	I.D.	O.D.	Washer Thickness	Overall Thickness
<b>23AN#6</b>	#6	0.156"	3/8"	0.079"	0.11" - 0.125"
