

TNA NJ506

LIGHTWEIGHT NITRILE MICRO-FOAM DIP COATED GLOVE

The NJ506 is an advanced micro-foam nitrile coating that provides superior grip and abrasion resistance.

The Tilsatec General Purpose Hand Protection Range is designed to deliver maximum comfort and dexterity. An ergonomic fit and design ensure your hands stay comfortable and protected.

The NJ506 provides all the high-quality design, fit, comfort and breathability you'd expect in our Tilsatec range but in a lightweight general-purpose glove.

The micro-foam nitrile palm coating provides good wet grip while still allowing the hand to breathe.
